

REMARKS/ARGUMENTS

General Remarks

The Office rejected the previously pending claims 1-34 as being anticipated by Barnes, and obvious over Barbnes in view of Douma, Braitberg, Applebaum, Mattes, Richenstein, Hunt, or Saindon. Claims 1-34 have been canceled and the rejection should therefore be moot.

New claims 35-44 were added to draw the claimable subject matter to methods in which the CD/VRPD combination is used as a language translation combination. Support for the claims is provided, *inter alia*, on pages 2, lines 6-17, page 3, lines 2-3, and 11-13, page 4, lines 4-18, page 7, lines 22-27, page 8, page 9, line 10 *et seq.*, and page 10, lines 3-11). Applicant submits that the new claims are patentably distinct over the previously cited art.

Request For Allowance

Claims 35-44 are pending in this application. The applicant requests allowance of all pending claims.

Respectfully submitted,
